PAIN AND SEX

(Note: This HCOB probably won't increase my popularity but I would be very remiss if I did not pass on an important discovery.)

Destructive creatures who do not want people big or reaching—since they are terrified of punishment due to their crimes—invented pain and sex to shrink people and cut their alertness, knowingness, power and reach.

Thus, you see people who are “experiencing” either pain or sex introverting and not producing much.

Pain and sex were the **INVENTED** tools of degradation.

Believe it or not, a being can be so overwhelmed by either that he or she becomes an addict of it. Priests become flagellants and cut themselves to pieces

with self-whipping. Torturers drool over pain. Lovers are very seldom happy. People do the most irrational things when overcharged with sex, and prostitutes use it as a knowing stock-in-trade. Combined, pain and sex make up the insane Jack-the-Rippers (who killed only prostitutes) and the whole strange body of sex-murder freaks, including Hinckley*, and the devotees of late-night horror movies. Under the false data of the psychs (who have been on the track a *long* time and are the sole cause of decline in this universe) both pain and sex are gaining ground in this society and, coupled with robbery which is a hooded companion of both, may very soon make the land a true jungle of crime.

Go into an asylum or a prison and look at the increasing institutional population and know what you are looking at. In the main, these are pain and sex addicts, decadent and degraded and no longer capable. They were sent on that route down through the ages by the psychs and here they are still in the psychs' hands! And do they get well or go straight? Oh no. Whether in prisons or insane asylums they just get worse. And the psychs in both places rub their bloodied hands as they turn their products loose again upon the remaining population! It's no accident. And the stocks-in-trade of psychs are PAIN and SEX. They will even tell you it's "natural" to steal!

To compound their felony—if that is possible—they tell you it's the *body* doing it. Another crashing big false datum on top of all their other lies.

These are data which emerged from recent thorough research of the whole track. This is not theory or some strange opinion. It is provable electronic fact. The waves are just synthesized.

They are the most-used tools in the campaign against beings in furthering the general goal of those creatures whose sole ambition is destruction. The universe does not happen to be either destructive or chaotic except as such obsessed creeps make it. Statements it is otherwise are just more false data from the same suspect "authorities." It fits their purposes to make *seem natural* what they make artificially. The universe only seems that way to a being because such loathsome psychotics make it seem so. They destroyed every great civilization to date and are hard at work on this one. The one thing they can't stand is the light of truth, so despite their objections, one must turn it on them. Only in its glare do their lies wither. It is the potent weapon they can't fend off.
